

# 2018 Annual Report

In 2018, the Paulding County Board of DD provided services to over 140 individuals with disabilities residing in Paulding County.

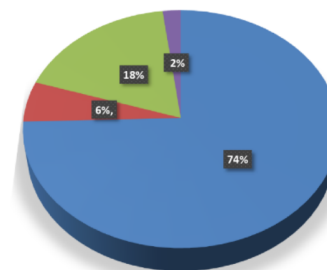

In 2018, our self-advocacy group, "Golden Road to Success" held monthly meetings, volunteered in the community, attended regional OSDA and Project STIR meetings and the annual Synergy Conference.

In 2018, 8 people we served were employed in the community. We hope to connect 4 more individuals to employment in 2019. Also, families and individuals were provided clarity about the waiver waiting list and Waiting List rule changes in 2018. There are 20 individuals on the transitional waiver waitlist, and anticipate this reducing to zero by the end of 2019.

Looking forward, we want to continue to support our local Direct Support Providers (DSPs), promote Supported Decision-Making, expand community employment and help the individuals we serve meet their self-directed goals.

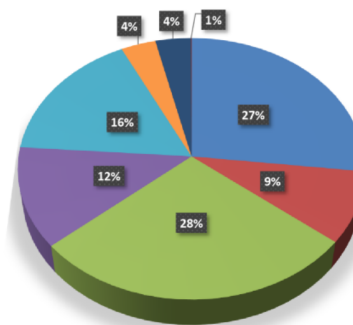

## Individuals Served

SSA/Case Management	91
Adult Services	52
Community Employment	8
Residential Services (Waiver)	51
Total Waivers	59
Family Support Services	1
Early Intervention	49
