Reports

Superintendent:

DODD Director Kim Hauck had a productive visit last month with various staff and families. While in Paulding County, she also took time to visit PC Workshop/Limitless. Accreditation was held last week and PCBDD received a 3-year award. There were a few citations which are already being resolved, with one being appealed. Staff and Management are commended on their outstanding job.

EI:

Paulding County Early Intervention is a statewide system that provides coordinated early intervention services to parents of eligible children under the age of three with developmental delays or disabilities. EI is grounded in the philosophy that young children learn best from familiar people in familiar settings. Every family served in EI will have a local EI team that consists of a service coordinator, service providers, and the family. The team works with the in their home or other places the family spend time to develop a coordinated plan called an Individualized Family Service Plan (IFSP). The team will work through your IFSP plan to use the families existing supports and resources—and build upon them—to learn to enhance the child's learning and development. Paulding County has on their team the following staff: two service coordinators, two developmental specialists, one physical therapist, one occupational therapist, and one speech language pathologist.

We currently have 33 kids enrolled in the Early Intervention Program. With those still in the intake process we are at 36 kids. Below is a chart from the last three months on how many were referred, how many were evaluated, and how many took our services. (this count was taken on 10/17/22)

Month	Referrals	Evaluated	Took Services
Aug	8	4	4
Sept	3	3	1 and 2 are in the process of taking services
Oct	3	2 evaluated and 1 will be screened
